EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nikolas Uhler on August 31, 2009.

The application has been amended as follows:

In the Claims:

In Claim 1: Add --and outside the discharge vessel, -- immediately after the phrase, a getter being provided in the outer envelope, and immediately before the phrase "the outer envelope having a volume equal to or less than 2cc".

In Claim 11: Add --and outside the discharge vessel,-- immediately after the phrase "a getter being provided in the outer envelope, and immediately before the phrase, the outer envelope having a volume equal to or less than 2cc".

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest "a getter being provided in the outer envelope and outside the discharge vessel...and the getter comprising at least 2.5 mbar.mil nitrogen" in conjunction with the remaining limitations of independent claims 1 and 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
